I'm Andy, a father of 2, a husband, a dog owner, and most importantly, I suppose, a fully qualified professional wedding photographer in Lincoln, published in some of the countries top wedding Magazines and winner of many awards by my peers in photography.

My wife says I spend way too much time on my phone, but I can't resist checking out cats falling over on youtube..
oh and I love my coffee....

I know what you're asking, 'what makes you any different to all the other photographers out there?', you mean apart from my shiny head and my over enthusiasm and happiness for life?
Well it could be my unique style and approach...

Trust me, whether you love or hate having your photo taken, you will feel like the celebrity you are and I will make this truly an epic day.

So if you've read this far then I'd love to meet you and hear all about your love story over a coffee and a biscuit.

I'm looking forward to hearing from you....

Andrew Wheeler

A romantic photograph of a wedding couple standing on a beach at sunset. The groom is on the left, wearing a white shirt and a dark vest, looking towards the bride. The bride is on the right, wearing a white wedding dress with lace detailing, looking back at the groom. They are holding hands. The background features a vast ocean with gentle waves and a sky filled with warm, orange and red hues from the setting sun. The overall mood is intimate and celebratory.

'One of the first things that struck us about Andy was his genuine passion for not only what he does, but also for our wedding day. At times it was questionable who was more enthusiastic about it...'

Commonly asked questions

How many images would you expect to take on our wedding day?

That all depends on the wedding. If you are getting married earlier and have lots of activities going on throughout the day then you can expect more images than someone who is getting married late in the day and not having an evening party. Typically though it is around 400 - 600 finished images.

Who will photograph our wedding?

We don't commonly use 2nd photographers or assistants, I will shoot the wedding myself and have worked in this way for many years now. I do have the option to request a second shooter although this does have an additional charge.

How long will it take to get the photos?

I ask all my couples to allow up to 4 - 6 weeks for delivery of the images although this can be up to 8 weeks during busy periods. I do however always pass a few teasers a couple of days after the wedding. It's great to keep the excitement going.

Will you take all the natural moments? I hate posing.

Yes, I shoot a variety of natural reportage style photographs along with a few posed romantic pictures, although I make these as natural as possible to avoid you feeling posed.

Do you do any family group photos?

Yes, these are important pictures but we suggest limiting group shots to no more than 10 so as to not interrupt the flow of the day.

Are you insured in case the worst happens?

Yes I am fully insured by Public Liability and Professional Indemnity insurance.

We are interested in booking you, what's the next step?

Get in touch so we can have a chat, arrange a meeting to show you a few bits and bobs and you can get to know me.

To officially book us a retaining fee of 30% is requested to secure the all-important date, with balance payable one calendar month prior to the wedding.

We accept payment via bank transfer or credit card.
